MERITAGE OF MIRACLES

www.meritageofmiracles.com

All proceeds go to Akron Children's Hospital in the Mahoning valley

Meritage describes the blending of different wines to make one finished product. This fundraiser is based on the concept that the community "blends together" for one purpose: to give hope and support to the children and their families who need it most. Akron Children's Hospital in the Mahoning Valley does not currently have a palliative care center for terminally ill children. With your help, we can make miracles.
